### Course Objectives and Format:

**Core IMPACTS course: Citizenship and Social Sciences areas.** Core IMPACTS refers to the core curriculum, which provides students with essential knowledge in foundational academic areas. This course will help master course content, and support students’ broad academic and career goals.

This course should direct students toward a broad Orienting Question:

- Citizenship: How do I prepare for my responsibilities as an engaged citizen?
- Social Sciences: How do I understand human experiences and connections?

Completion of this course should enable students to meet the following Learning Outcome: Students will...

- (Citizenship) ...demonstrate knowledge of the history of the United States and Georgia, and the provisions and principles their constitutions.
- (Social Sciences) ...effectively analyze the complexity of human behavior, and how historical, economic, political, social, or geographic relationships develop, persist, or change.

Course content, activities and exercises in this course should help students develop the following Career-Ready Competencies:

- Citizenship: Critical Thinking; Intercultural Competence; Persuasion
- Social Sciences: Intercultural Competence; Perspective-Taking; Persuasion

This is a hybrid course. Most weeks we will meet part of the week, with online activities filling out the week. We will use D2L online (also known as *eLearning*), but I like to keep things simple. We will not use any “modules”, etc. Unless otherwise noted, all activity and communication will take place via the announcement and discussion sections. In class, we will engage in as much **discussion** as possible. To that end, *you need to read the assignments before their due date*. Be able to *discuss* and answer *questions* about them. The text lays out the basics (Though not required, you may take advantage of the text’s web site at <http://go.ung.edu/bag> when available). We will start each new topic (usually each week) in class, discussing the appropriate text chapter. Then, online, we will debate class topics and follow related current events in *Google News* (<https://news.google.com/news/section?&q=Politics>) articles. *You* will lead these online activities. In *groups*, **all of you** will present and discuss one or more (depending on class size) articles or debate topics<sup>1</sup>. The articles will be posted in the appropriate D2L discussion topics. Of course, you **all** are responsible for **all** class readings. There will also be audio, video and other materials (linked in D2L discussions)—they do not require prior preparation, but you *are* responsible for them. Most weeks, a written assignment will end the topic.

There are **two ‘midterms’ and a final**. Each is worth 20% (20 points) of your final grade. They consist of multiple choice and essay questions. *I will not give makeups unless you 1) notify me or the department asap* (do **not** wait until the next class!); *and 2) verify a family/medical emergency or official school activity in writing*. **Note:** I will *not* schedule any makeups *after* graded exams are handed back in class. Most weeks there is a **written exercise**. You will find them in the appropriate D2L discussion topics. Each is worth 5 points, but collectively, they are worth 20% (20 points) of your final grade (Paper grades will be averaged and multiplied by 4). *Do not turn in late papers!* If I accept late papers (and I may not!), you will lose 1 point of your paper grade for each day late. *Additional work* (written work or presentations) may be offered (see FAQs, below) *or required*. Your **presentations/debates** are 10% (10 points) of your grade. Finally, your class **participation** (including your online discussions) **and attendance** are 10% (10 points) of your grade.

Use the table below to keep track of your grades and calculate your course grade:

Exam	Point / %	Your Grade	Written exercises	Point / %	Your Grade	Other	Point / %	Your Grade	90+ = A	
#1	20	_____	Average of 10 papers (5 pts each) multiplied by four.	20	_____	Debates/Presentations	10	_____	80 to 89 = B	
#2	20	_____				Participation*/Attend	10	_____	70 to 79 = C	
Final	20	_____				*includes online discussion				60 to 69 = D
Total:	60	_____	Total:	20	_____	Total:	20	_____	Your Total: _____	

I do not **grade** on a curve (You earn what you earn...I *hope* you all earn “A”s!). A typical class average is about a mid- to upper- “C” (“C” is *average* — *not* below average...“B” is *above* average). Just completing the requirements most likely earns a “C” (70-79). “B” (80-89) requires effort *beyond* just requirements. “A” (90-100) requires *extraordinary* performance.

<sup>1</sup> These are video presentations. **Every group member must be visually present in videos.** You will post video links to appropriate D2L discussion topic.

### Notes on “attendance”:

1. The UNG **attendance policy** (see the latest UNG *Student Handbook*, or *Bulletin*) applies to this course. While I *will* take attendance, I’m only interested in your general attendance. If you’re only absent once or twice, don’t worry. If you’re absent a *lot* (UNG does not recognize “cuts”), your grade *will* suffer (note also: late=absent!).
2. Any in-class or D2L **announcements** are considered sufficient notice. So, *attendance matters*, and please check your email and D2L often.
