General Concepts for Transitioning to the Admission to Upper Division Policy

For Fall 2016, Banner checked the prerequisites that were in place for the 2015/16 academic year *for all students*. Students admitted for Fall 2016 were informed of the new admission policy at Orientation. Banner will start using the new policy to check student eligibility during preregistration for Spring 2017. Admission standards for students admitted Summer 2016 or earlier will be based on the progression requirements tied to the [R] and [BBA] requirements used for the last 10 years.

The process for checking eligibility will be composed of two parts:

1. Checking criteria for Admission to Upper Division for courses with this restriction (incorporated into a “Test Score” in Banner that is based on the student’s admission date). Admission to Upper Division applies to 3000/4000 level courses in ACCT, BUSA, CIS, ECON, FINC, MGMT, and MKTG with the exception of the most basic upper level course in each major: ACCT 3310, BUSA 3130, FINC 3440, MGMT 3661, and MKTG 3700.

Criteria for Satisfying “Admission to Upper Division” Course Requirement
